Botanical Nutrition Powder

BioRev · 14-sachet gift box

Format: individually wrapped botanical nutrition powder. Pack: 14 sachets per box.

Gift-box design: white box, matte-gold logo and botanical motifs. Convenient individual sachets for carrying and mixing.

Ingredients, net weight, suitability, manufacturer and shelf life follow the final label. Packaging is a design visualisation.

Botanical nutrition, beginning with Cajanus

Core botanical direction · Cajanus cajan

Cajanus is the defining botanical ingredient. Individually wrapped powder is designed for convenient everyday mixing.

The combined formulation concept also considers postbiotics. Ingredient specifications, plant parts and amounts depend on the final formulation. See the research guide for ingredient analysis and published research.

The gold plant is an artistic illustration. Ingredient research and finished-product effects must be evaluated separately; experimental research does not replace product validation.

A simple everyday routine

Proposed plan · one sachet morning and evening

Current proposal: one sachet after breakfast and one after dinner. At two daily, a 14-sachet box provides seven days.

Empty into a cup, add drinking water and stir. Water volume, temperature and suitability follow the final label. Store sealed, away from light, in a cool, dry place; use promptly after opening.

Confirm the proposal against the final formulation and safety assessment. Avoid ingredient allergens. Children, pregnant or breastfeeding people and those taking medication should seek professional advice. Stop if discomfort occurs. Do not replace or independently adjust medication.

A box worthy of thoughtful gifting

A more complete expression of care

Coordinated gift box and custom carry bag

A 14-sachet gift box and branded bag can be paired with white tissue paper and a message card. Matte-gold branding and botanical motifs coordinate the complete presentation.

Detailed bag artwork and finishing are covered by the accompanying sampling design.

This is a proposed presentation. Selection, charges, dimensions and delivery of the bag, card and tissue paper depend on the final order and sample approval.
